prelude will start at 5:30 a.m. The services are held at Inspiration Point overlooking the O'Donnell golf course, with a new cross, constructed by members of the Community Church, marking the site. Dr. James H. Blackstone, Jr. will deliver the Easter message.

APRIL FOOL

Now it's April. Next comes May. So you know. What I'm gonna say. But you don't. I've changed my tune. You should better stay through June.

They tell me that many places are booked through May. . . And a lot of places say June looks good, too. . . Checking up on temperatures for the past few years and drawing on memory. . . The first part of April is always, well, maybe always, rather warm. . . The temperature goes into three digits. . . But it isn't bad because all you have to do is to step out of the sun into the shade and it's great. . . Then, toward May, the mercury generally takes a little dip. . . And those mornings! . . . And nights! . . . There I go again, tinkering with the weather.

THEY HAD BETTER bring back that special California See THIS SIDE, Page 3a

37TH SUNRISE SERVICE TO START AT 5:30 A. M.

Villagers and visitors to Palm Springs are invited to attend the 37th annual Easter Sunrise service at Inspiration Point, overlooking the O'Donnell Golf course.

Following a prelude of recorded sacred music at 5:30 a. m., a trumpet fanfare and releasing of white winged doves will herald the first rays of the sun shining from the east.

THE CHANCEL CHOIR will render the anthem, "Alleluia" by Mozart, and the Rev. Jack B. Morrow, pastor of the Four Square church, will deliver the invocation.

Worshippers assembled below the newly erected cross will then

sing the hymn, "Christ the Lord is Risen Today," and Bill Hay will read selected Easter readings.

Margaret Tate will sing "The Legend," and the Rev. Walter C. Hanneman, pastor of the Fall Gospel church, will lead the prayer.

SECOND NUMBER by the Chancel Choir will be "Break Forth into Joy" by Barnby. The Rev. James H. Blackstone Jr., pastor of the sponsoring Community church, will deliver the Easter message, "The Resurrection and You."

This will be followed by a hymn, "All Hail the Power of Jesus' Name," and the benediction.

BUILD FOR TOMORROW PLAN GIVEN GOUPS' O.K.

The "Build for Tomorrow" program of the Palm Springs Chamber of Commerce, including plans for strengthened business-promotion activities and for a Palm Springs Visitors' Center and Chamber of Commerce headquarters building, were approved enthusiastically by the scores of business and professional men and women who attended the seven business division conferences Monday, Tuesday and Wednesday at the Fiesta House of the Desert Inn.

That announcement was made by Herman Reich and Joe Gombel, general co-chairmen, who expressed appreciation for the splendid cooperation of all chairmen and others comprising the seven divisions.

ALL TYPES of business and divisions, such as retail and professions are included in these wholesale, hotels, apartments, guest ranches, finance, utilities, transportation, construction, real estate, insurance, restaurants, bars, medical doctors, dentists, attorneys and other professional men and women, and a special diversified division, for all those not covered above. Leaders in the campaign to finance the Palm Springs Visitors' Center and increase the Chamber budget for the expanded program of business promotion will meet tonight at 7:30 o'clock in the Fiesta House of the Desert Inn to complete the campaign plans. Included in this meeting are all co-chairmen of the seven divisions and the captains of 28 teams in those divisions, it was

announced by Tom Kieley and John Wood, who head business divisions section of the campaign.

AT THIS MEETING, further ideas will be developed for the enlarged business-promotion plans and the Visitors' Center project, they announced. Everyone seems to recognize the urgent need for such a center in Palm Springs, Wood and Kieley said.

Chamber President Frank Prince expressed appreciation on behalf of the officers and board of directors for the excellent leadership of the co-chairmen and captains in getting all arrangements worked out for a successful campaign.

The PUBLISHER'S Corner by OLIVER B. JAYNES

WHAT'S HAPPENED to the proposed Mt. San Jacinto Tramway? This is a question we are asked every once in a while and don't know just how to answer. Is the necessary steel available for such a project? Could construction be started soon after steel was made available. Has all of the right-of-way been obtained? Little information has been released by the Tramway Authority for a year or more. The Authority did get a new lease on life from the State Legislature, so the project isn't a completely dead issue. Whether or not it is hopelessly bogged down or not we don't know.

It would be very interesting to many people here to learn just what the prospects are of ever building the Tramway. While most people thought it would be a great boon to Palm Springs there were those who wondered just what effect this big tourist attraction would have on the community. There were some pretty strong forces at work against the building of this tourist lift, as those close to the picture well remember. Open opposition was led by the "conservatives" who fought the Tramway because it moved crowds into nature's wonderland on the slopes of San Jacinto. Opposition from other sources was suspected but never brought out in the open.

Were these opponents responsible for the repeated delays — or are there other reasons? Should we just write off the whole idea and forget it?

If the Tramway Authority would make a report on the present status of the project it would be of interest to a lot of people. Perhaps they have good reasons for not wanting to do so. We would like very much to see them make some statement for the enlightenment of those interested.

We understand that a big passenger aerial tramway is being built in Italy with cars designed to carry something like sixty people. We don't have much information on this but, if there is such a thing, it should be looked into by our own Tramway Authority. It might answer a lot of perplexing problems with which they have been confronted.

Leading Women Golfers to Take Part in Event

Sixteen of the nation's leading women golfers from the Weathervane group who are on the Gold Coast tournament circuit, will take part in the Palm Springs Women's open golf tournament at Tamarisk Country club on April 14, 15.

The group includes Babe Didrickson Zaharias (the wonder girl of golf), Patty Berg (fresh from her triumphs at Augusta and New Orleans), Louise Suggs, Marilyn Smith, Jackie Pung, Peggy Kirk, Alice Bauer (Hagge) and Marlene Bauer, Betty Jameson, Betty Bush, Shirley Spork, Betsy Rawls, Betty McKinnon, etty Dodd, Betty Hicks, Helen Detweiler and Ann Breault.

THE TOURNAMENT, which will be two rounds of 18 holes for \$3000 prize money, has been thrown open to amateur players. One amateur will be paired with two pros for the play.

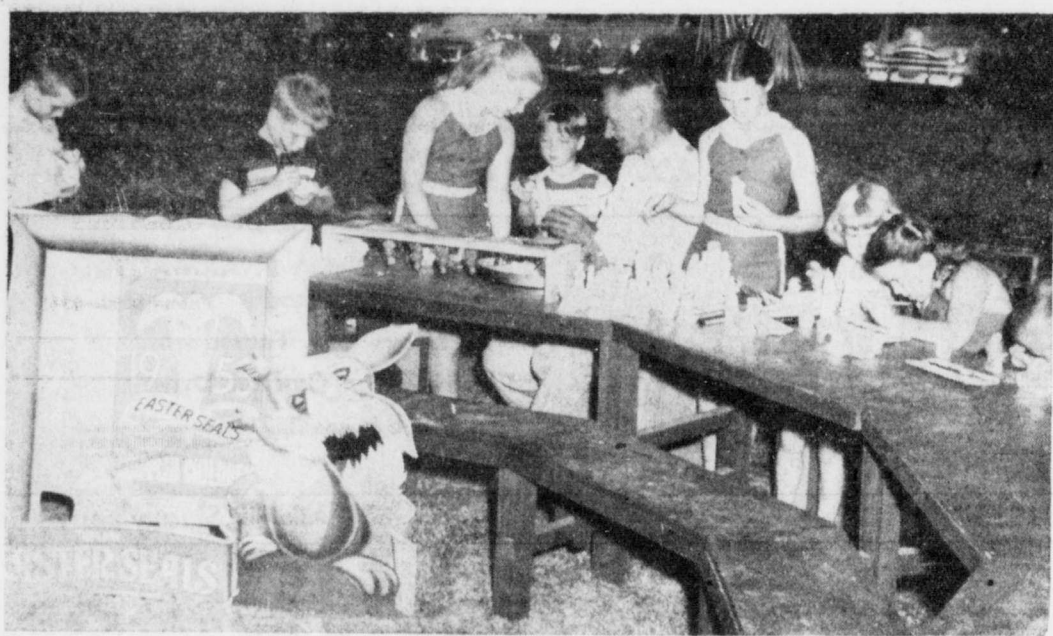

In addition to the championship calibre golf which is expected to draw a gallery of at least a 1000, an hour and a half clinic will be presented both days, preceding the tournament, which will open at 11 a. m.

Patty Berg will act as mistress of ceremonies for the clinic, which is a fascinating combination of demonstration and vaudeville and an intimate close up of top flight golf.

THE WEATHERVANE GROUP of women golfers take part in the Weathervane Tournament, a 72-hole championship which goes on a circuit from coast to coast. Started four years ago, it has been run on a non-profit basis.

Johnny Wood, chairman of the Tamarisk tournament committee, said this week that Palm Springs is very fortunate to have this array of feminine golf stars in play at the Tamarisk course.

Helen Lengfeld, chairman of the ladies' Professional Golf association committee, who is in charge of the Gold Coast Tournament four, met with Tamarisk officials, Chamber of Commerce representatives and members of the press at Tamarisk Tuesday night to discuss plans for the Palm Springs Open. Miss Lengfeld, who is also editor of "The Golfer" magazine and state president of the American Women's Volunteer Service, expressed delight with the Tamarisk course.

Harold Wilcox to Visit Sister He Hasn't Seen in 18 Years

Harold Wilcox, Chi Chi manager, is leaving Sunday to visit a sister whom he has not seen for 18 years and whom he had lost all contact with during that time.

And the story of their re-locating each other is one which is only found in movies. One night, at the Chi Chi, Wilcox remarked to guests from Canada that he had a sister living there whom he hadn't seen or heard from for 18 years. The visitors said that they would try to locate his sister, and they did.

NOW, WILCOX is preparing to leave for the family reunion with his sister, Mrs. George Holmes in Vancouver, British Columbia.

During his three months' visit, he may attend the coronation of Queen Elizabeth in London, together with his sister and her husband.

WAL Plan Ends Chaos in Change to Daylight Time

Elimination of the annual clock confusion which has found air travelers living on Daylight Savings Time and airlines flying by Standard Time was announced today by Arthur F. Kelly, vice president-sales for Western Air Lines.

All Western flight schedules will be published in local time after the yearly hour-gaining event takes place on April 27, thus making timetables read the same as local clocks, Kelly said.

"Your watch will be your timetable," he declared.

Long a source of 60-minute chaos for the traveler, the Daylight vs. Standard time battle has been waged for years, with all participants unhappy.

Now, the travelers on Western Air Lines need only glance at his flight schedule, look at his watch and he can't miss his flight.

Threatened Gas Company Strike is Postponed

Threatened strike of CIO workers against Southern California Gas company, scheduled for yesterday, was postponed as negotiations were continued.

The union men remained at work on a day to day basis pending outcome of the new talks. The strike would have affected the Palm Springs area which is served by the Southern California Gas company.

Members of the Los Angeles Gas Utility Workers Council, Utility Workers Union of America, CIO, which represents 10 Southland localities, last Sunday voted to strike if a settlement had not been reached by midnight last night when the union's contract with the Southern California Gas company expired.

The union wants a 10 per cent wage boost, union shop and other employee benefits. The company has offered a five per cent raise and rejected union shop demands.

Hans Ohrt Plans 11th Ride from Beverly Hills Apr. 7

Hans Ohrt, who annually pedals a bicycle from Beverly Hills to Palm Springs—115 miles—plans his 11th ride on April 7.

A resident of La Quinta now, he has been training for the event on the desert roads. It will be a solo ride as Mrs. Ohrt does not plan to join him. Seven times they have pedaled their way to Palm Springs on a tandem and three times he has made the ride alone.

Last year's ride was the

slowest—10 hours and 10 minutes. The usual wind through San Geronimo pass was in reverse and blowing against him, he explained.

He will use his French de luxe bicycle with an 8-speed gear and instead of sticking to Highway 99 all of the way, switch over to San Timoteo canyon just west of Redlands. The distance is just the same but the grades are not as heavy, Ohrt said.

The Desert Inn will again be the end of the ride here.

Development of Wildlife on Desert Object of Campaign

County sportsmen this week asked that attention be paid to the development of desert wildlife possibilities because of the increased congestion now existing in the western end of Riverside county.

Meeting in Riverside, members of the County Conservation commission discussed problems arising from hunting where agricultural and residential expansion is taking place.

"Unless we can work out a better agreement policy with land owners and users of public lands, we may as well write off portions of the county for hunting," O. T. Harvey, Riverside sportsman, declared.

THE SPORTSMEN recommended that a thorough study of the desert be made to determine if

there was a chance that native game could be brought back, or if there were any exotic species that might be imported.

It was pointed out that much of the desert land received little human use, and that there were several big game species that had been considered by the California department of Fish and game for the Colorado desert.

COUNTY FISH and Game Commissioner Ernest Maxwell explained that water would be a major factor in expanding the desert wildlife resources. He said that his agency would cooperate with any research project.

At the Riverside meeting the sportsmen agreed that the study of desert wildlife should be given serious consideration during the next year. Desert authorities will be invited to meet with the sportsmen to determine what kind of program is best.

Racquet Club Net Team is Winner

Playing for the Marines were Captain Al Gressell, Captain John Bowers, Lt. Bob Moore, Don Tully, Joe Dunayer, Leon Hibbs, Frank Hatch and Ralph Pool.

The Marines plan a return match with the club later in April.

All Under 80 May Register

All persons between 1 and 80 may now register in the Purple Shield Plan to eliminate funeral expense to the family. A small sum is paid at convenient periods into a fund of a California legal reserve insurer. Then, in time of need, the plan pays the funeral bill, regardless of how little has been paid in.

For example, a complete funeral was recently conducted for a Southern California man where only \$4.75 had been paid in.

This plan is recommended by the leading Riverside Co. Mortuaries and many other California mortuaries. For free literature write Dept. D, Box A-4, The Desert Sun, Palm Springs, Calif.

with a 136 (69-67), wound up with a 215 after taking a 79 on the final 18 holes.

First day leaders with 67 were Bob Reed of Montebello and Bob Rosburg of Stanford university.

EVENTS COMING UP on the Thunderbird golf calendar include the Trans-Mississippi Golf association board of directors' annual meeting and golf tournament on April 6 through 12, and the Southern California Ford Motor Dealers' tournament April 17, 18 and 19.

Forty members of the Kansas City, Missouri, headquarters association and their wives will attend the meet following Easter Sunday, and 100 Ford dealers are expected to participate in the annual three-day event.

General Alexander Back in News with \$550,000 Suit

Michael A. Alexander, sometimes known as "General" Michael Alexandrov, has filed suit with superior court in Riverside claiming \$550,000 in damages and charging one John Brenton with poisoning 11 of his Russian wolfhounds.

The "general," his wolfhounds, and another member of Czarist Russian nobility have frequently made headlines in the county.

ONCE HE and the "Countess" Alexandra Sedarte were convicted of maintaining a public nuisance in allowing as many as 20 of their valued Russian wolfhounds to run loose on their Mirado Hill Ranch at Desert Hot Springs.

And another time the "general"—then a resident of Thousand Palms—became quite indignant with the county's non-existent dog pound, claiming that the pound had operated as a fence for dog-nappers.

The "general" filed the suit here without the aid of counsel.

HE CLAIMED that within the past three years, Brenton, who is not otherwise identified, had "deliberately and maliciously and without cause" poisoned 11 of his wolfhounds.

He said all of the dogs died.

The "general" valued each of the dogs at \$50,000.

It was in 1951 that the "general" and the "countess," who claim their titles from Czarist Russia, figured most prominently in the news.

Shadow Mountain, the sub of Palm Desert and Shadow Mountain Estates, continues to lure visitors from all over the world and once in Palm Desert, many have decided to make it their permanent home.

"THE DEMAND for property in this fastest growing of all desert communities will make it necessary shortly to open additional estate sites to accommodate the demand," added Lowe.

L. WILLIE SUTTON by Quentin Reynolds. The story of fabulous bank robberies, of daring prison breaks, and clever impersonations by a criminal who wasted brains, talent, and energy destroying law and order, and who has authorized his life story only on condition that royalties be turned over to organizations working with juvenile delinquency.

PRINCE OF PLAYERS, EDWIN BOOTH by Eleanor Ruggles. The story of the greatest genius of the American stage, his amazing father, Junius Brutus Booth; his fellow-actors Henry Irving, Barrett, Joseph Jefferson, and his ill-starred brother, John Wilkes Booth. THIS I BELIEVE. The Personal Philosophies of One Hundred Thoughtful Men and Women by Edward R. Murrow. Among the thoughtful men and women in all walks of life who have written in this book their deepest beliefs are C. Day Lewis, Lionel Barrymore, Pearl Buck, Prof. Harry A. Overstreet, Herbert Hoover, Aldous Huxley, James Q. Dunont, William O. Douglas.

THE SECRET SELF. Psycho-analytic Experiences in Life and Literature by Theodor Reik. A psychologist shows the connection of the unconscious material discovered in everyday life, and in analytic sessions, with the subterranean stream flowing in the work of writers.

OLD CALIFORNIA HOUSES, Portraits and Stories by M. R. Parsons. Anyone who has felt the charm and mystery of old houses will enjoy this book by an artist who sketched her way through central California, selecting for her subjects, the symbols of a life and land fast disappearing—a shabby old structure on a narrow city street, an abandoned farm, an old adobe. The book contains seventeen reproductions of the author's paintings, as well as the stories behind each scene.

Appeal Sounded for Return of Soap-Box Derby Racer

D. C. Staehler of Stack Chevrolet today appealed for the return of the Soap Box Derby racer of Richard Mountz, which was taken last weekend from its storage place at Palm Springs airport.

The racer had been stored there since the Derby last July, as the Mountz had moved to

Estates and fourteen additional are under construction.

A recent purchase of a Sun Lodge by George "Gabby" Hayes is the thirty-second one to be sold.

San Diego, and asked that it be held until they could call for it.

This week, Mrs. Mountz returned to the Village and hoped to take it with her when she returned Sunday to San Diego.

Staehler asked that anyone knowing of the car's location call him at 2042, or the Desert Sun, 2249, co-sponsor of the Soap Box Derby.

The racer may be identified by the words Palm Springs Builders Supply company, painted on the sides.

Open Bids Soon on Freeway in Pomona District

Bids for the Los Angeles county portion of Highway 99 (Pomona Freeway) passing Ontario and Pomona will be advertised for in the near future by the division of highways.

Announcement was made Tuesday in Sacramento that Director of Public Works Frank B. Durkee has authorized the highway department to proceed with

the second part of the program. Bids were opened in Los Angeles early this month on the San Bernardino county end of the project.

The Los Angeles county part will extend 6.3 miles from San Dimas road on the west edge of Pomona to the Los Angeles-San Bernardino county line. The budget allocation is \$4,100,000. The project includes seven bridges. It is anticipated that construction there will be similar to that in San Bernardino county where the four lane divided highway will have sufficient space in the dividing strip to allow for increasing it to six lanes when traffic justifies.

The entire rerouting of Highway 99 north of Ontario and Pomona in the two counties is expected to be completed in 1955.

Two Bound Over on Two Charges

Herbert Cosner, 52, and Fred Rowland, 48, charged with grand theft and passing bad checks respectively, were held to answer in Riverside county superior court following a preliminary hearing before Judge Eugene Theriault Monday.

The two men were returned from the east to Palm Springs by Officers Bob White and Bob Young. Cosner had been arrested in Croton-on-Hudson, New York, and Rowland in Newark, New Jersey. Both had waived extradition.

FCC Okays Experimental TV Test Here

Howard-Yale, Inc.
Given Permit to
Construct Station

Howard-Yale, Inc., has received permission from the Federal Communications Commission to construct and operate an experimental station to transmit television signals to Palm Springs and surrounding area. President Jules Howard announced today.

Work on the new project will start immediately, Howard said, with present plans calling for completion of the experimental phase within six months.

Howard started work on this project three years ago, and during September, October and November of 1951, several successful demonstrations were conducted. At that time, any further experiments or testing were halted pending FCC approval.

Purpose of the experimental station will be to develop and complete a system whereby programs originating on Mount Wilson (all channels) can be made available to the Palm Springs area and similar communities isolated from TV reception, Howard reported. Programs would be transmitted through the air.

The experimental station to be located on "Howell's Peak" in the Santa Rosa Mountains, will be identified as KM2XFA. The system which is being tested is "re-radiation whereby signals are picked up in the mountains, amplified and re-directed," Howard explained.

NO RECEPTION will be available to Villagers and residents of the surrounding area during the experiments, Howard said. Only experimental sets located throughout the city will be able to pick up the signals.

Tests will be conducted under supervision of FCC field men, and when they are completed, application will be made for a permanent commercial license, Howard said.

Data compiled from the experiments will also be made available to communities in other sections of the country which are unable to receive direct television reception.

**Salary Committee

Supervisors added about 20 members to the 15-man committee appointed to study the county salary scale. The vote was 3 to 2, the dissenters saying the committee was too unwieldy.

The committee is to make a study and recommendations on salary raise proposals for 1500 county employees.

**County Road Crews
May be Put on Air**

Supervisors were requested Monday by A. C. Keith, county road commissioner, to put road crews on the air.

He asked study of a proposal to equip cars of administrators and road crew foremen with two-way radios to facilitate repair work.

Crash Near City is Fatal to Four

A collision between a tank truck and a car on Highway 60-70-99 west of Thousand Palms killed four passengers in the car Saturday.

Only the driver of the car, Jack Matsumoto, 23, Los Angeles, survived among the people in the car. The driver of the truck, Paul Ruyff, 36, 5226 Keynote street, Long Beach, was not injured.

The accident occurred a few miles west of Thousand Palms. The driver told Highway Patrol Officer George McCurdy that he was heading west at 40 miles an hour when the car, heading east, loomed before him, skidding broadside into the truck.

The car, the driver said, came from out of a line of other cars headed east. The right side of the car struck the truck.

Officer McCurdy said there were no indications at the scene of the accident that the truck driver was out of his correct lane or that he had traveled at an excessive speed.

Supervisors Say They'll Keep Tax Rate Unchanged

Despite the forecast of Ray Hicks, county auditor, that the county tax rate might go up ten cents for the next fiscal year, supervisors Monday said they were determined to hold the rate at this year's level—\$1.63 per \$100 assessed valuation.

As result of this policy, a majority of the board voiced opposition to any major expenditures to relieve over-crowding in the courthouse.

Such an expenditure would result in an increase in the tax rate for the fiscal year starting July 1, they said.

Hicks said last week that a boost in the tax rate was possible if such a building program was voted. He said that the general cost of county operations would not change materially and that a salary boost for county employees could probably be met by taxes on new property. The item which would cause a hike in taxes, he said, would be a heavy building program.

Sunrise Service in Palm Oasis

The joyous spirit of Easter, the grandeur of a desert sunrise seen from a natural, palm-studded oasis, and the color and artistry of a 35-piece band of the United States Marine Corps will combine to make the Easter sunrise service at Twentynine Palms a truly inspirational event.

At 5:15 Sunday morning, April 5, in the Oasis of Mara at Twentynine Palms, these Easter services will commence. Rev. Roy H. Wollam, pastor of the Little Church of the Desert, will deliver the sermon, using for his subject "The Faith That Lives."

Under direction of Master Sergeant August Garner, the Camp Pendleton Marine Band will furnish music appropriate to the occasion. Choir of the Little Church of the Desert and the congregation, led by Clyde Baskerville, will sing "Christ Arose," "Jesus Christ Is Risen Today," and other Easter selections. Arrangements for the sunrise service are under direction of Tom Martin of Twentynine Palms.

"UNREALITY" CHRISTIAN SCIENCE LESSON SERMON

How the scientific understanding of the Bible destroys inharmonies pointed out in the Sunday Lesson-Sermon entitled "Unreality" in all Christian Science churches.

The Golden Text is from II Samuel (22:29): "Thou art my lamp, O Lord; and the Lord will lighten my darkness."

The Parable of the Sower from Matthew's Gospel (13:28-30) is included in the Bible selections. Jesus tells of the husband who, having sown good seed in his field, is told of tares among the wheat. He says, "An enemy hath done this." "Let both grow together until the harvest," commands the householder, "and in the time of harvest I will say to the reapers, Gather ye together first the tares, and bind them in bundles to burn them: but gather the wheat into my barn."

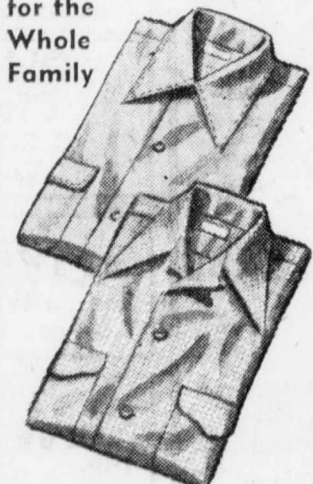

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "The seed of Truth and the seed of error, of belief and of understanding,—yea, the seed of Spirit and the seed of matter,—are the wheat and tares which time will separate: the one to be burned, the other to be garnered into heavenly places" (p. 535).

Religious Science Sermon on Sunday

"Jesus' Incomparable Gift to All Men," will be the subject of the Rev. Pearl Lady Moore of the Religious Science church of Pomona here Sunday night.

The meetings are held at the Youth Center, Bellardo road, at 8:30 p. m.

Desert Art Center

By MIRIAM WILLIAMSON, Gallery Director

Preparations for the annual Beaux Arts Ball to be held April 17 at the Tennis club are in progress with William Darling in charge of the remodeling and painting of the set, assisted by John Follansbee, John Krabbe and Sheldon Evans. The theme "A Night in Paris" will be the same as last year and it is hoped that those attending will come in costumes and masks. Prizes will be given and will be on display at the Art Center in Cathedral City and tickets will be on sale there, as well as at the Tennis club in Palm Springs, with Mrs. Mimi Sawtelle Watson as ticket chairman.

Parties are already being formed for the big event which will be in conjunction with the Desert Circus.

Posters advertising the affair are being made by several of the artists, and will be on display in prominent places within a few days.

The writers guild with Mrs. Walter Barnhisel of Desert Hot Springs as chairman held their initial meeting at the "Old Adobe" owned by Mrs. Austin McManus on South Palm Canyon drive yesterday, with several in attendance. It is hoped that other writers interested in joining will get in touch with Nancy Barnhisel for details relating to the activities and aim of the guild.

Tea was served Sunday afternoon at the studio of artist Agnes Pelton in Cathedral City honoring the artist Douglas McLellan of Chaffey college whose talk and colored slides on Abstract Art were enjoyed by a group of people at Frances Stevens school Sunday evening.

This lecture was the last of the series of four art lectures, which were made possible by the cooperation of Miss Christina Lillian of the Artists' Council and Chester Sproule, principal of the Palm Springs high school adult education classes.

On The Trails

The Moonlight Trail... which led to the beautiful hilltop home of the Earl Hendersons, was a merry one last Friday evening, as more than two hundred made their way to the Hendersons' gala party. The trail was a colorful entertainment... around the eagle's nest pool... a mingling of beautifully gowned women and well dressed men... with every type of western garb holding its own... typifying this wonderful place in which we live. The Henderson home, the house that Jack Butler, nestled high in the picturesque and rocky hills overlooking the desert near Moonlight Cove. The throng were moved on to the Cove by motor, Tally-ho and horseback, where Jack Boyer awaited with sizzling steaks and trout. A great log fire... songs by Johnny and Tani Boyle... with the merry-makers joining in... and going on to the last embers. It was with great reluctance that the party ended—a tribute to such gracious hosts.

Dr. and Mrs. Henry Dollard entertained the 7-up group with a swim and luncheon party last Thursday at their lovely desert ranch home. Most of the group rode out from the village—making a full day of it.

The Los Compadres' third annual guest ride, which took place over the last weekend, was a great success in spite of our pranky winds. Members of riding clubs from all over southern California participated, trailering their horses and equipment here. The program started with registration at the clubhouse

Mayfair Market to Stage Easter Egg Hunt Saturday

Saturday morning will be the scene of much feverish activity at the Mayfair Market, 444 North Palm Canyon drive, when the firm's annual Easter Egg Hunt takes place beginning 8:30.

Over 2000 candy and jumbo turkey eggs will be hidden in the market with scores of prizes being awarded to finders of the lucky "secret eggs."

ALL CHILDREN up to and including the age of eight are eligible to participate. The market will be divided in two areas to give private hunting grounds for the younger children under five.

In charge of the entire affair will be the largest "rabbit" in captivity, according to market manager James Schulke. The rabbit will be on hand to direct operations and personally award prizes.

and a Saturday ride which half-wayed at the Ranch for cock-tails. Barbecued steaks were on the early evening agenda, with the Doll House Guadalajara Boys entertaining during dinner. Dancing followed throughout the large evening of fun. From the Baby Doll, comedian Jack Nelson brought his props and entertained with his terrific repertoire. Sunday morning a chuckwagon breakfast was served at the clubhouse, with all riders then taking off for Andreas and Murray canyons. Meeting on the flats below Palm Canyon at noon, the riders were given a sumptuous chicken lunch. The return to the clubhouse ended the program of events... It's been a busy week on the trails.

Judge Therieau Now Has Clerk and Salary, Too

Supervisors who, two weeks ago, voted to grant Judge E. E. Therieau of the Palm Springs judicial district an extra clerk but stymied the appointment by refusing to vote a fund transfer to provide the additional clerk's salary, last week did an about-face.

At the first vote, the board was three to two for the appointment and also three to two for the salary fund transfer. But it takes a four to one vote for a fund transfer and so Judge Therieau had an extra clerk but no money with which to pay the salary.

TWO SUPERVISORS, Irwin

4b—The Desert Sun
and PALM SPRINGS NEWS
PALM SPRINGS, CALIFORNIA
Thursday, April 2, 1953

Hayden and Sherman Lewis blocked the salary fund transfer at the first vote.

Last week Hayden made the motion to transfer sufficient funds to provide for the clerk's salary without comment. Lewis, however, declared: "I don't want to be a party to obstructing payment of a salary," and the vote was unanimous.

JUDGE THERIEAU'S request had been before the board for some time. He said the needs of the Palm Springs judicial district were different from other districts because of the mileage of through highways which brought about a heavy load of traffic citations.

He said the court had been unable to keep up with them with one clerk and is several weeks behind on traffic citations.

Social festivities will mark the meeting of Toastmasters tonight at the Tennis club with dinner at 6:45.

Wives of members, and the members of Toastmistress' club and their husbands, are invited, with dancing following the club meeting. Two club members, Morris Finerman and Dr. Maurice Fitzgerald, will be the speakers at the dinner.

Troop 77 Scouts Have Reason for Daily Good Deed

Boy Scouts in Troop 77, sponsored by the Kiwanis club, now have an added incentive to do a "good deed" daily. Scoutmaster Vernon Baumgardner reported today.

Boys are asked to turn in weekly lists of their good deeds, and a weekly prize will be

awarded, along with a grand prize. Judging will be impartial persons.

The troop has received their trophy award from the Indian Date Festival parade and has been invited to march in the Desert Circus parade.

Baumgardner invited all boys

and their parents to attend meetings of the troop each Monday evening at 7:30 in the Frances Stevens school cafeteria.

He announced that Gordon Soule has been named assistant scoutmaster to replace Gerald Miller, who recently organized a troop in Thousand Palms.

More Summer Interviews Set

B. F. Quinn, supervisor, lodge and hotel service, Utah Parks company, will interview prospective employees for cooks and pantry personnel for Summer work at the Free Employment office of the Palm Springs Employers association, 224 North Indian avenue, on Tuesday and Wednesday, April 7 and 8.

Colonel Clinton E. Fox, manager of the Employers association, reports that the Free Employment office, in addition to screening employees for work with members of the Employers association, investigates salaries, working conditions and housing accommodations of employees at practically all of the Summer resorts in the west.

That information is available to all interested employees, Colonel Fox said, and he suggested that before accepting Summer employment, the employee verify all details as living accommodations "are often highly undesirable at Summer resorts as noted by the management on their employee procurement trips."

Douglas Willis is building four additional apartment units for his Sun Glow Court on First and Van Fleet, which will make nine units in all.

In the Charlesworth tract at the extreme southwest portion of the Cathedral alluvial fan at the foot of Cathedral Canyon there are at the present time some 30 attractive desert homes in various stages of completion. An interesting feature of this area is that probably 90 per cent of these dwellings are being built by actual labor of the owners.

Goldenberg Wins

The annual Student Speaker Contest sponsored by the Lions club was held at their dinner meeting at the Town Hall last Thursday. These contests provide an opportunity for training high school students in competitive speaking on subjects of vital interest. The subject this year is "Man's Search for Security." Speakers were Alfred Goldenberg, Dawn Richards, Bob Wheeler and Theresa Goelke. Alfred Goldenberg was adjudged winner and meets winners from other close-by clubs at a zone contest to be held today at the Palm Springs Lions luncheon at the Tennis club. The winner there will go on to compete in regional and district contests.

Visitors at dinner last Thursday included Charles Wameling of the Desert Bank in Indio, formerly a member of the local club and Fred Woolpert, past president of the Indio Lions club. The visitation was for the purpose of returning the chairman's gong belonging to the Cathedral City club which had been purloined at a previous meeting by Mr. Wameling and held for ransom. President Jim Wolcott was forced to donate one of his prize winning oil paintings to the Indio club in order to secure re-

turn of the Cathedral City club's property.

An outdoor breakfast in Sunair park, the first of the year, was announced for Sunday, April 12, from 8 to 10 a. m. These breakfasts are put on by the Lions periodically and are open to the public.

At St. Louis Church

Father Joseph Leissler of St. Louis church states that each year has seen an increased attendance at the Resurrection Masses and that the Sunday congregations are averaging some 30 persons more than last year.

The church and hall have been entirely redecorated in preparation for Easter. Besides the set of eight bronze candlesticks an additional two, large, floor candlesticks for the Paschal candles have been donated to the church. An exquisite set of cloth of gold vestments with embroidered figures of the Nativity, the Trinity and various Apostles, will be used for the first time at Easter. Two flower stands and a table, matching the fine mahogany furniture, have recently been acquired by the church.

The parish offers a belated note of thanks says Father Leissler to all those who helped make the recent Fourth Annual Ham Dinner the success it was. Four hundred and twenty-five persons were served. Because of the sell-outs at previous dinners, sufficient standby food was provided for an additional hundred persons. The luscious ham was presented to Mr. and Mrs. H. W. Neely of the Round-Up Fruit Stand. Due to the efforts of the Ladies' Guild a commodious new 40-cubic-foot refrigerator was purchased for the hall and used for the dinner for the first time.

Backstrand in Fight to Curtail Tax Increases

Assemblyman L. D. Backstrand of Riverside county, a member of the powerful revenue and taxation committee of the lower house, this week urged that no tax increase measures be considered until every effort has been made to cut Governor Warren's new high state budget.

The Riverside legislator disclosed that since the revenue and taxation committee came out two weeks ago in opposition to any new taxes, his mail from citizens demanding defeat of the Governor's plan to increase state expenditures and increase taxes has gone up heavily. Backstrand voted affirmatively on the committee action.

"Personally, I would prefer that

the state end the year with a \$20 million deficit, rather than a huge surplus," Backstrand declared, "for it is a historical fact that when there is an unspent surplus and uncommitted money available in the state treasury, there invariably is a scramble among state department heads to get in on the gravy."

Backstrand revealed that since the budget was presented for study by the legislature, sentiment has been mounting against any increase in governmental expenses. That sentiment, he declared, has increased as the facts become known.

"The way to balance the budget," he said, "is to cut the budget. We've got to stop the snowballing tax load which our people are asked to carry. I think we can begin at the root of the evil—an ambitious spending program for the coming fiscal year," he added.

Palm Springs Love Story... This is the story of Gwen and Gene Bari... who met in Palm Springs... when Gwen, fresh from New York, opened at the Chi Chi 12 years ago... on February 5... It is particularly interesting since the lovely Gwen returned to Palm Springs on February 5 to open her current engagement in El Mirador's Supper Club... just 12 years to the day later... Gwen had been at the Belmont Plaza's Glass Hat... starting in a floor show with Sonny Tufts... and carried on by herself when Sonny left for an engagement in Florida... giving her her first big break in show business... She was a little reluctant when her agent arranged to bring her to the West Coast... but she came... The first person she met in the Village was Gene Bari, the violinist at the Palm Springs hotel... and that night she went to hear him play in the Luau, where he had been for four years... A whirlwind courtship followed... Gwen moved from the Chi Chi and was playing in the Coral Room (now the Supper Club) at El Mirador... when Gene got his draft papers and was sent to Fort Lewis, Washington... and she went back to New York to re-open with Sonny Tufts... She had just drawn a singing role in a Broadway show when Gene asked her to marry him... and she left Broadway to do so... They honeymooned in Palm Springs, where they had met...

For five years... she followed him from camp to camp... giving up her career except for War Bond shows and USO appearances... in 1943 Gene was made Special Service Officer at Corps headquarters near India Young on the desert near Indian Wells in Palm Springs... and Gwen got back into her own field again... appearing at the Desert Inn... After the war they again returned to Palm Springs opening as a team at the Luau... fulfilling a long-time dream... and next season to the Desert Inn, where they stayed for four years... For the past three years they have been living in Los Angeles... and finally broke up their team... because Gwen's studio and television work was interfering with her night work... Gene replaced her with an accordionist... and the Gene Bari Trio is now in its third month at the Biltmore... Gwen came back to El Mirador... and their romance is carried on with Gene down here one weekend... and Gwen going in to their home in

This season Tennis Club members have been treated to a variety of outstanding parties, all highlights on the local social calendar, but this Sunday's Easter Hat Parade Brunch will top all parties of the current season.

Many will gather at the Club at 11 o'clock to watch the tiny tots have their annual Easter Egg hunt, which always has been a camera enthusiast's haven, as the sprightly little ones dash about the grounds in search of their colorful loot.

Among those making early reservation of the Easter Hat style show, featuring John Carter's creations, is one large table to be presided over by Mrs. William Malouf. Her guests will include Mmes. Herbert Kalms, Eugene Kegley, Russell Garner, Belmont Sanchez, Edward Bacon, William Bannerman, John McClure, William West, Bertine Treat and Thomas J. Fleming. All husbands of this group will occupy a no-host table of their own to view the pretty fashions.

Others to have parties are: Mrs. Homer McKee, 12; Mrs. Dorothy Hoover, 5; the Darwin Tings coming over from Escondido for the day to entertain four; Muriel Fulton, 8; Mr. and Mrs. Fanny R. Wurlitzer, the Franklin B. MacCarthys and many, many more.

Spending the Easter holiday week in the Tennis Club bungalows are Jack Dempsey and his two attractive daughters, Joan and Barbara. Other family groups relaxing around the Tennis Club courts and pool while Mr. and Mrs. Evan Shaw, staying in the bungalows are Mrs. Lowell Goode, Barbara Dick and Allen; Mr. and Mrs. Marshall Haywood, Jr. of Chicago, with their three children; Mr. and Mrs. Don Berry and daughter, Mrs. Clyde Toland and Betty of Oakland.

Still talking in superlatives are members and their guests, who attended the South Sea's party at the Tennis Club last weekend. The entire club was transformed into a tropical setting from each table in the dining room being decorated with fish nets and tropical fruits, to the completely palm-covered hut built on the open terrace. In the hut was the buffet table spread around three sides of the porch and featuring everything from oysters on the half shell through salads, entrees and even roast beef, and barbecued spare ribs.

One of the most popular drinks was the huge watermelons containing a rum punch and straws stuck in for each person at the table to sip.

It was a terrific party and all club members are doffing their hats to Sam and Beverly Taylor and Mimi Sawtelle for their work and skill in assembling the complete South Seas atmosphere.

One of the largest single parties hosted was by Mrs. Vivien Summerfield. In her group were: Mr. and Mrs. Kapa Ivan Davidoff, Mrs. Ward Warner, Mr. and Mrs. Roy Hoffman, Mr. and Mrs. John McClure, Mr. and Mrs. Owen Churchill, Len Remisoff, Mr. and Mrs. Frederick Mitchell, Ben Gale, Mr. and Mrs. Thomas Holland, Dr. and Mrs. John Costello, Mr. and Mrs. Joseph Statler, Mimi Statler, John Connors, Stephan Von Boyton, Mrs. Walter McManus and Mr. and Mrs. Joseph Tiano.

Another group colorfully attired in Hawaiian shirts and gowns were guests of the Sam Taylors. They included Mr. and Mrs. Glen Doughty, Mr. and Mrs. Douglas Kenaston, Mr. and Mrs. Morrie Smith and the Jack Kenastons. This group met first in the Taylors' home for cocktails.

One recent evening Mr. and Mrs. H. J. Emard, winter residents of Palm Springs and members of the Club, were dinner hosts. Their guests were Mr. and Mrs. E. B. McGovern, Dorothy McGovern, Mr. and Mrs. A. Krasne, Mr. and Mrs. Joe Pawling, Miss Ruth Johnson of Seattle, and Mr. and Mrs. Mosher.

A PREVIEW—This is one of the lovely new dresses to be shown around the giant figure eight swimming pool at Shadow Mountain Club in Palm Desert on Easter Sunday. The dress is a Juli Lynn Chariot design.

Many Recreational Events at Shadow Mountain Club

The Shadow Mountain club's April calendar of events for club members and their guests presents a lineup of recreational activities never before offered in the American desert.

Easter week started off yesterday, April 1, with a Junior Carnival for daytime and ending up with a vacation "Bunny Hop" at night. Special pool events, lawn activities and tournaments had been arranged for the juniors ages 13 through 21.

Also scheduled for April 1 was "Fun Day" for lady golfers on the nine-hole Pitch and Putt club course with accent on "silly hats."

Saturday, April 4, is the "Bonnets and Bunnies" Easter Eve dinner dance with music by the ever-popular Todds. Irene Mathias, social director of Shadow Mountain club, has outdone herself by arranging for unusual Easter decorations and activities for the big dinner dance.

Easter Sunday, April 5, a complete schedule throughout the day has been arranged as follows: Sunrise Services at the Palm Desert Community church outdoors with Dr. John Robertson Macartney presiding. Regular Easter Church Services will begin at 11 a. m.

The Easter Egg Roll will begin at 11 a. m. on the spacious club

lawn with many hued baskets provided for the kiddies.

The traditional Easter Parade will start at 2 p. m. beside the giant figure eight swimming pool. All club members and their children are invited to participate in the promenade for which Colonel Henderson has arranged many lovely prizes.

The popular Stuard Poolside Shop has scheduled an outstanding fashion show of Spring and Summer originals for 2:30 p. m. following the family promenade.

With Easter well taken care of, April 11 will see an outstanding Spring tennis exhibition between Tony Trabert, U.S. Davis Cup player, and Vini Rurac, Romanian International Champion and Shadow Mountain club professional. The match will consist of two out of three sets and will begin at 3 o'clock. Following the first game, a mixed doubles exhibition will be played.

A special tribute to Dr. John Robertson Macartney, pastor of the Palm Desert Community church, is set for April 12 at 7 p. m. in the club's Manzanita Room.

The third annual "Dixie Ball," one of the fun highlights of the desert season, will take place Saturday evening, April 18. Seven acts of minstrel amusement along with the music of the Todds is on the agenda for the "Southern Belles" and their "Kernels."

Regular weekly club and stable events will continue as usual.

Mrs. Noles at Dimes Lunch

Mrs. Sidney O. Noles Jr., chairman of the 1953 March of Dimes drive in Palm Springs, attended a luncheon at the Victoria Country club in Riverside Friday and reported on the local drive.

General W. R. White, Riverside County head of the March of Dimes, presided at the meeting which was attended by representatives from all over the county.

There was some discussion of tentative plans for next year's drive.

**I rise---
---TO REMARK**
By JOHN PHILLIPS

Perhaps it would be timely for me to comment on the appropriations for veterans, particularly hospitalization. There is misunderstanding, and I am sorry to say some deliberate propaganda on this subject.

As chairman of the subcommittee responsible for the budget of the Veterans Administration, I have intended to go to the floor and discuss the whole area of veterans' benefits. I hope to do this next week, but some material, being checked by investigators for my subcommittee, is still coming in. I shall have the material reprinted. I hope all veterans' groups will give it careful thought. The problem before us as veterans is whether we will permit this to approach the field of a racket, or even worse, of its own weight to a size which will invite another "economy act" and the tragedies which are still in the minds of those of us who worked with and for the veterans 20 years ago.

After World War I there were about 4,000,000 veterans. It made very little difference to the nation if we took veterans into VA hospitals for conditions having nothing to do with their service records. In fact, it helped balance hospital practices and kept doctors in the VA service. Today we have 20,000,000 veterans and are creating more at the rate of about 500,000 a year. The problem is different.

CONGRESS AUTHORIZED 145,000 beds, President Truman, by executive order, cut that to 131,000 beds. We have activated about 121,000 beds. Additional hospitals are being constructed, to the present limit.

We are caring for all service connected veterans with the exception of NP cases and some TB cases. Hospitals are being authorized and built as rapidly as possible for the former. I am responsible for the acceleration of this program. Last year a few weeks ago there were only 70 service connected veterans not in hospitals, who had applied for hospitalization. In these few cases, the delay was the wish of the veterans themselves. All hospitals can take emergency cases.

This part of the problem is therefore one of Non-Service-Connected veterans. At the present rate, it would require 200,000 additional beds in less than one generation. If we continue the present liberal interpretations of the regulations, Figure \$20,000 a bed at PRESENT construction costs, Figure an increase of about \$2 billion in the operation cost of the VA.

WE REQUIRE VETERANS who are not service connected to sign an affidavit that they have no means to pay for hospitalization. The VA contends it is not permitted to look back of this affidavit. On a recent spot check for my subcommittee, out of 335 cases with incomes, 123 had incomes in the \$1000 bracket; 76 had incomes over \$5000 and the balance ran up to incomes from \$10,000 to \$50,000 a year. Another check of 25 cases showed property ownership of from \$20,000 to \$50,000.

The article in the February 14 issue of Colliers was both inaccurate and misleading. The writer made no attempt to check his statements, and I am surprised that this magazine would accept the article without further inquiry. I have a statement from the Veterans Administration pointing out the errors. Generally speaking, neither writers on this subject, nor heads of veterans' groups have, in the past, consulted with any member of the House Committee on Appropriations, to learn what might be called the taxpayers' side of this case, and when I saw "taxpayers" keep in mind that the majority in that group is now composed of veterans!

LET ME MENTION briefly the recent vote refusing an additional \$10,000,000 "for hospitals" to the recent supplemental bill. It was not offered to the item exclusively for hospitals, but to the general heading which included some seven functions of the VA. The item for hospitals had not been cut, neither in this bill nor in the year's budget. That's not what you are hearing, is it, comrades?

I have been on this subcommittee for seven annual and many supplemental bills. Not once, repeat not once, has one dime been cut from the appropriations for hospital care for veterans. The \$31,000,000 cut from last year's budget was not cut from hospital care, and the bill specifically prohibited that, but was cut from other operations of the VA and represented only a 4% cut from the original request. I can point out possible savings in the VA to twice that amount!

The day the VA sent out mimeographed notices to many dentists saying work had been authorized but "there was no appropriation" that very day the VA had \$5,158,680 unspent in its fund for outpatient dental service. Are you beginning to get a glimmer of the propaganda situation?

Tamarisk

Tee Time

By Bobby Tonge, Jr.

D. William McBride and the Hicks brothers, Milt and Harold, were being tabbed as the men to beat as the Tamarisk club glided itself for its first Class Championship over this Easter weekend.

A new division was added to the three-day 54-hole play with the scheduling of 9-hole for those who seldom play more than that. In this event Harro Marx seems to be the standout pick.

Since Mr. and Mrs. Joe Staten, formerly of the Houston C.C. and hotel dining room managers, have taken over the club's dining facilities the club has been forced to extend their services.

So, dinners are being served by popular demand on Thursday, Saturday and Sunday evenings. Evening dinners may be had on other nights through reservations a day or two in advance.

Mrs. Helen Lengfeld of Monterey, American Volunteer Women's Service executive, publisher of the Golfer magazine and the West Coast's energetic developer of women's golf activities, has been here during the week conferring with Tamarisk officials on conducting the 36-hole leg of the Weatherlane cross-country tournament April 14-15.

Working with her in ironing out the details were professional Helen Detweiler, Tamarisk Managing Director Russell Denney, Pat Martin and teaching professional, Stanley Kertes.

The Weatherlane bring the world's leading women golf professionals to Palm Springs for the first time. In fact, it is the first time they have been this near to metropolitan Los Angeles and Tamarisk members plan a huge cocktail party to introduce the girls.

Mrs. Zaharias, the greatest all-time all-round woman athlete in the world, gained world fame in Los Angeles when she started the world with her prowess in the Olympic games.

It was while participating in the Olympic games in L.A. that she became inticed into trying her hand at hitting a golf ball on a driving range. That started her golf career which zoomed until she won every worthwhile tournament up to and including the Women's national and British women's amateur crowns.

In fact, it was Tamarisk's teaching professional, Stan Kertes, who gave her the very first instructions she had in the game. She remained in the Southland long enough to master and completely dominate the women's golf picture. Then she moved to the Florida circuit and continued to dominate women's golf until after she won the U.S. and British titles before turning professional.

Beverly Hanson is another familiar name among the invaders, probably better known personally by localites than anyone else in the field. She came to the Southland from the Dakotas where she won her first championship.

She developed into National champion under the careful handling of Helen Detweiler at the Cochrane Ranch in Indio. She, too, dominated the Southland picture, went to Florida and turned professional after winning the National.

The Bauer sisters, Alice and Marlene, are definite products of the Southland. While, Alice, the elder of the two, was starting her career as a teenage protegee in tournaments, Marlene was giving exhibitions around clubhouses where sister was competing.

Marlene then came on to win the Los Angeles women's city championship at the tender age of thirteen. Oddly enough, the tournament was played over the Wilson Course at Griffith Park where the city regulations prohibit a child under 14 years of age from playing.

Such famed women golfers as Patty Berg, Louise Suggs, Betsy Rawls, Peggy Kirk and Betty MacKinnon, although never having figured in our local competition, are capable of staying on the pace set by the great "Babe" and have well-recognized abilities to rise in the heights.

Joe Blumenfeld, who divides his time between here and San Francisco, is here for the holidays and having daily rounds with his fellow townsman, Sonny Marx.

Handicap Chairman Marty Corbitt is in the clubhouse with the club members since he posted the new handicaps. Every member it seems has a lower handicap here than in their home clubs. Kertes attributes this to the fact that they play better golf here because they are here to relax. May have something there.

Kertes leaves for his Chicago Bryn Mawr C.C. post the day after Easter.

Chet Coleman, brother of Fay Coleman of Brentwood, was the first professional to enter the \$5000 pro-amateur. This 54-hole three-day event starts the Friday after the women's Weatherlane.

Here for practice rounds were Elly Vines, former world's amateur and professional tennis champion. He fired a 32-36-68 playing with his brother Ed and they only managed to break even with movie actor Forest Tucker and Charles Resnik.

Other pros here for practice were Frank Rodia, George McInery and Chappy Chapman of Chicago.

Betty Hutton and her husband Charles O'Curran, were the guests of William Perlberg. After playing nine holes they came in and filled out a membership application. Betty enrolled as a student with Kertes and is reported to have started ponding out 200-yard drives immediately.

After a three weeks golf career Greer Garson shot a 55 on the first nine. While she takes lessons, hubby Buddy Fogelson, plays frequently with Pat Diccio.

THIS IS BEAUTIFUL—That is, Palm Springs is beautiful, declared John L. Wilson, executive vice president of Anheuser-Busch, Inc., St. Louis. Guesting at El Mirador, the executive is shown with his two lovely daughters (left) Kay Wilson, 13, and Mary John, both students at Mary's Institute, St. Louis.

ANHEUSER-BUSCH EXECUTIVE SEES GREAT GROWTH AHEAD OF VILLAGE

"Palm Springs is just beginning to grow and its further growth is just as inevitable as the continuing migration of people toward the west."

John L. Wilson, executive vice president of Anheuser-Busch Inc., producers of that nationally famous brew called Budweiser, uttered that statement following a week's stay in the Village as a guest with his family at El Mirador hotel.

"Wherever large numbers of people go and settle, industry will soon follow," Wilson pointed out. "The last national census indicated that the largest mass migration of people in this country pulled up stakes in other states in this nation and came west. This migration is still continuing, in my opinion."

"THE WEST COAST and that includes every state from Canada to Mexico has made tremendous strides in population and industry. And inasmuch as every man from the common laborer to the executive and industrialist cannot continue to work incessantly without some time out for play; that is where this fabulous Winter resort of Palm Springs comes in. Palm Springs will continue to grow."

Anheuser-Busch Inc., of St. Louis is presently constructing a west coast brewery in San Fernando Valley at a cost of \$20,000,000. This plant will produce Budweiser beer at the rate of 1,000,000 barrels a year or 31,000,000 gallons. The land site consists of 65,000 acres.

WILSON SAID that the plans also call for a possible expansion of this plant to triple its size at a present estimated cost of \$50,000,000. The executive added that Anheuser-Busch, now the second producer of baker's yeast in the nation, may also construct a plant to produce that product on the present site located at Roscoe boulevard and Sepulveda boulevard in San Fernando Valley.

"Oddly enough," continued Wilson, "talking about population, after our plant construction started we learned that the location is 2500 feet from the center of population in the State of California."

Carnation Corner

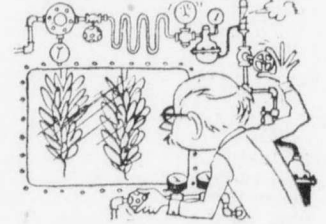

My husband is a happy man! He loves bananas...and Carnation's new Treat-of-the-Month is Banana Nut Ice Cream! Something tells me lots and lots of this delicious treat will "disappear" at our house!

EXPERTS CHOOSE TOP QUALITY BANANAS

Carnation Banana Nut Ice Cream is made with such care. First, experts in faraway hot countries cut top quality green bananas. (All bananas are cut green, even when eaten in the tropics; if they ripen on the plant, they lose their flavor). These superior bananas are then shipped in special ships... and inspected every few hours during the trip!

Scientifically Cured

Once here, they go into curing rooms where temperature is scientifically controlled, so they will ripen evenly and perfectly for Carnation's special treat. Then they are carefully pureed, ever so delicately sweetened to bring out their true pure flavor, and blended with satin-smooth Carnation Ice Cream and lots of crunchiness. I know you and your family will love Carnation Banana Nut Ice Cream! To me, it is typical of the great, great care the Carnation people take to be sure every Carnation product is the finest of its kind! Do enjoy Carnation Banana Nut Ice Cream tonight!

DON'T GET STUCK WITH IT! Husbands! For very precise measurements on wood, get your wife to loan you a darning needle. Use it in a mechanical pencil in place of the pencil lead.

Old Fashioned SPICE CAKE

(Makes 9" x 13" x 2" loaf cake)
3 eggs
1 1/2 cups sugar
2 1/2 cups sifted cake flour
1 1/2 teaspoons double-acting baking powder
1 teaspoon soda
1 teaspoon salt
1 teaspoon cloves
2 teaspoons cinnamon
1 teaspoon allspice
1 1/2 cups Carnation Sour Cream

Blend eggs and sugar until light and fluffy. Add dry ingredients (which have been sifted together) alternately with sour cream. Beat until smooth (about 1 minute). Pour into buttered loaf pan (13"x9"x2"). Bake in moderate oven (350° F.) about 45-50 minutes. Serve it hot or cooled "a la mode" with Carnation Banana Nut Ice Cream. Delicious!

CARNATION SOUR CREAM is made daily from finest, freshest cream and carefully processed to the "perfect" point. It is richer than coffee cream. You'll find it adds to the moistness and tender "crumb" of your spice cake. Use it in other baking, too.

HOW NOT TO HIT YOUR THUMB!

If you're tacking something, coat the surface of the hammer with soap. A small tack will cling to the soap, and you can whack it into place with one hand.

DELICIOUS Carnation Ice Cream is pasteurized for purity and homogenized to satin smoothness. Special Treat-of-the-Month Banana Nut Ice Cream — and all your favorite Carnation Ice Creams — come in family-size 1/2 gallon cartons now. Enjoy them often!
